Sports Day

Our school held its sports day on Friday. Aarav ran in the long race. He was faster than Kabir, but Zoya was the fastest of all. Only a few parents sat in the hot sun. Tara won three medals and a big cup. It was the happiest day of the year.

Parent tip: in box 4 the two most often missed are *three*, because it looks like a number rather than a describing word, and *faster*, because the comparing ending is small and easy to read past.
