

Group Words and Every Noun: Class 2 Sheet 3

A step harder. Group words, count words and a story to work through.

Name:

Date:

1 Write the group word in each blank

A group word names a whole group in one word.

herd · flock · bunch · team (use each word once)

- a. a _____ of cows b. a _____ of birds
c. a _____ of keys d. a _____ of players

2 Circle the group word in each sentence

- a. A herd of cows walked slowly across the wet field.
b. Our team of players won the match on Saturday morning.
c. Mother placed a bunch of bananas on the kitchen shelf.

3 Write three or some in front of each word

Some things we count one by one. Others we can only measure.

- a. _____ pencils b. _____ water c. _____ mangoes
d. _____ rice e. _____ books f. _____ sugar

4 Read the story. Underline every noun.

There are twelve of them. Three already have capital letters.

At the market

Last Sunday Ishita went to the market in Bhopal. Her father bought a bunch of sweet bananas and some rice. A flock of pigeons sat quietly on the roof of the shop.

5 Write the three proper nouns, then any four common nouns

PROPER NOUNS (all three)

COMMON NOUNS (any four)

Parent tip: let your child read the story aloud before they underline anything. Twelve nouns is a lot to hunt for cold, and far less once the sentences have been heard in their own voice.
